0 General provisions

The supplier shall comply with ISO 9001 and shall apply the Halvard New Parts Program to every new part.

1 Request and offer

1.1 Offer prerequisites

The supplier shall submit a complete offer that covers all documents listed in the request.

1.2 Records

The supplier shall retain quality records for a minimum of 15 years after the end of series production.

2 Approval

2.1 Part approval

Part approval shall be requested according to the Part Approval Manual HVG-PA-100 before the first delivery.

2.2 Initial samples

Initial samples shall be delivered no earlier than 10 working days before the planned start of production.

2.3 Part labels

Part labels shall show the part number and the date of manufacture.

3 Change management

3.1 Change notification

The supplier shall notify the customer in writing at least 30 days before any change to a manufacturing process.

3.2 Field observation

The supplier shall observe the field performance of its products and report field failures to the customer.
